On the following pages you will see a good selection of the products we have available and in stock, although it is not a complete list of every item we stock, if what you need is not listed then get in touch. We probably have it, or can almost certainly source it for you.

If you see an item you require then get in touch, (Our Wolves are tame and don't bite). We are always looking at our pricing and try to be as competitive as we can and offer discounts on full projects as well as giving trade discounts bespoke to individual clients.

So have a look at what we offer, and let us know if you have any questions.
